Section 2 – Authority of Waste Management

- 2.1 All collection of waste and recyclable materials by employees of the Municipality or by contractors engaged by the Municipality shall be under the direction of the Director of Infrastructure and Public Works, and the Municipality may determine

the frequency of each type of collection provided, fee to be charged for collection, and the manner in which the fee is to be levied.

- 2.2 The Municipality shall have full authority to collect such waste and recyclable materials, as it considers appropriate, either by its own staff or by hired contractor, to enter into contracts for collection of such waste and recyclable materials, and to provide such collection service to such class or classes of premises as the Municipality, in its sole discretion, deems advisable.
- 2.3 The Municipality shall have full authority to prohibit certain types and classes of waste from being deposited at the landfill site, to require separation of materials, as it considers appropriate, and to levy fees for the depositing of certain types, classes and quantities of waste at the landfill site.

Section 3 – Collection Procedures

- 3.1 The collection of household waste in, by and on behalf of the Municipality shall be made bi-weekly in all areas of West Grey unless otherwise designated by Council. Collection of yard waste and large garbage shall take place on designated days as deemed necessary by the Director of Infrastructure and Public Works.
- 3.2 Collection of blue box items shall be made bi-weekly, per residence, on the days and at the times to be determined, and published from time to time by the Municipality and/or contractor, subject to the provisions of this by-law.
- 3.3 All waste other than household waste and blue box items shall not be collected, but shall be separated according to the type of waste, delivered to the landfill site and placed in the appropriate location as directed by the landfill site attendant.
- 3.4 The collector shall collect only clear or transparent bags with bag tags attached.
- 3.5 The Municipality will not collect any quantities of waste material from apartment buildings, which shall have centralized storage and collection facilities and which shall make private arrangements for collection of waste.
- 3.6 Except by order of the Director of Infrastructure and Public Works, no garbage collection vehicles owned by or under contract to the Municipality shall enter a privately owned driveway or roadway or lane or other private property for the purpose of collecting garbage or waste material. Such order shall not be given unless it is feasible and economical for the Municipality contracted haulers to so enter private property.
- 3.7 Every plastic clear or transparent bag both inside accepted containers or alone, shall be securely tied to prevent spillage and shall be of sufficient thickness to eliminate tearing and the weight of the contents shall not cause breakage of the bag.
- 3.8 Every plastic clear or transparent bag must have attached and clearly visible a tag provided by the Municipality. The tag shall be securely wrapped around the bag and shall be attached end to end in order for the contractor to clearly recognize the lettering.

Section 4 – Materials Not Collected by the Municipality

- 4.1 All materials not collected by the Municipality shall be disposed of as directed by the Director of Infrastructure and Public Works, and at the expense of the consignee or owner of such materials so abandoned, condemned or rejected. The decision of the Director of Infrastructure and Public Works shall be final as to the quantities and class of material in question.

- 4.2 The following materials shall not be collected by the Municipality:
- a) Any item which is eligible for collection in the blue box program;
 - b) Swill or other organic matter not properly drained or wrapped;
