

DOG BITE PREVENTION

IS EVERYONE'S RESPONSIBILITY!

Each year, hundreds of people in Grey Bruce are bitten by dogs. Dog bites cause physical injury, emotional distress and potentially expose people to rabies.

- Never approach a stray dog or dog you don't know.
- Ask the owner's permission before petting a dog.
- Keep your dog under control at all times.

- Socialize your dog starting from a puppy.
- Immunize your dog against rabies.
- Seek medical attention if you do get bitten.
