The new steel siding was completed by Domm Construction by Nov.8th
I have purchase 3 Dog poop bags dispensers 2 for the ball park and one for the town hall park. They will be installed in the spring.

Amplifiers that run sound system for the ice surface stopped working. Taylor Electronic was over to look at it they said it would cost \$500.00 to repair it but they would not guarantee that it would last very long. They recommend that we go with one that's little heavier duty. The cost for the new one is \$ 919.00 plus tax with 2 year warranty
I was wondering if the rec committee would like to buy it or give something towards it.

Come January 2018 the Coke pop machine & cooler from the snack bar will be removed West Grey council decided not renew the coke contract for another 3 year term. We will have to buy a single door glass front cooler for the snack bar in January. The cost for this new cooler is \$2500.00 from the Stop Restaurant Supply Store in Guelph.
