West Grey Fire Service (Durham Station)
 Attn: Glenn Maarse, Muscular Dystrophy Canada Chairperson
 179 George St W
 Durham, ON N0G 1R0

Dear Glenn,

Fire Fighters are critical to providing the support that people affected by a neuromuscular disorders need. Since 1954, the charity of choice for Canadian Fire Fighters has been Muscular Dystrophy Canada and more than 60 years later this time-honoured tradition continues. Fire Fighters not only are our most important stakeholder, but are our best champions and ambassadors.

Last year Canadian Fire Fighters raised \$3.3 million in support of those affected by neuromuscular disorders. We are especially proud of the achievements and accomplishments of the Ontario Fire Fighters. From April 1st, 2015 – March 31st, 2016, with the support of 265 Ontario Fire Departments / Associations, Ontario Fire Fighters together raised \$1,192,712. Congratulations!

Thank you West Grey Fire Service (Durham Station) for your dedication and commitment. Your generous gift of \$482.63 during this past year is helping to change the lives of those affected. We are committed to improving the quality of life for the thousands of Canadians affected. From financial assistance to emotional support, from advocacy to education, we are on the ground, giving support to everyday Canadians in whatever they need. Our research has led to advancements in treatments, and has helped Canadians with neuromuscular disorders live longer, more enriched lives.

Fire Fighter fundraising continues to be our largest and most significant source of revenue and we are extremely proud to be your partner. Muscular Dystrophy Canada and Fire Fighters have been funding research and searching for a cure for neuromuscular disorders for more than 60 years. With the help of Fire Fighters, we continue to get closer.

Together Fire Fighters are saying I Can! If we all say I Can, We Will make a difference.

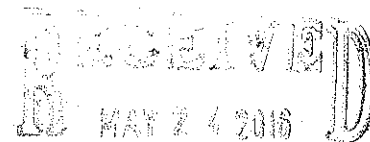

Warmest Regards,

West Grey Council
and all concerned -
Regarding Rockwood Terrace.

June 17/16
Box 702 Durham.

I live in Durham and I work at Rockwood, but am close enough to retirement that the "Rockwood Debate" really won't alter my life. If Rockwood closes I'll just move to Hanover or Owen Sound - you know growing towns where there is employment.

However, may I suggest that wherever you move "Rockwood" - be it to a new building or to an added "wing" (2 to 3 times the size of the present building) of Grey Gables, you build a large laundry. Various hospitals in the area ship their laundry to London - London!! Hours away on winter snowy roads so people NOT in this county have jobs! This area NEEDS the jobs! The work done here should save money, time and, if Durham blows away in the dust, politician jobs too. I realize politicians for some reason don't want Durham to grow but if you want a sleepy retirement town you need to offer homes + healthcare too. Durham isn't sleepy ... it's dying.

Save Rockwood +
save + get jobs.

Thanks for listening

Durham, ON N0G 1R0

Dear Mayor Eccles and Council,

Please accept my sincere thanks, on behalf of the Durham & Community Health Care Foundation, for your recent gift of \$12,500.00. Your generous support has such a positive impact on the quality of health care that area residents receive. It is so meaningful when people just like you step forward and support the Durham Hospital and local health care.

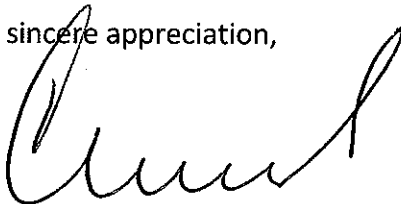

It is so important to have a well-equipped and well-staffed hospital and Medical Clinic in our community. People relocating to the area are drawn by the availability of excellent health care in a modern facility while long-time residents receive the care they need close to family.

Generous gifts like the one you sent will allow the Foundation to deliver this quality of health care, 365 days a year.

Rental income and the support of West Grey maintain the building and reduce the mortgage on the Clinic. Thanks to donors, the Foundation has been able to attract skilled health care professionals to the community and allowed the Foundation to invest over \$725,000 in the Durham Hospital. Over \$190,000 is currently invested in Endowment Funds, providing income for the future. The Foundation was able to direct almost \$100,000 to the Durham Hospital in 2015. The Foundation is currently planning a renovation of the Emergency Department Entrance, a multi-year project that will cost over \$400,000.

Thank you so much for your support; your generosity will make a difference in the lives of your family, friends and neighbours.

With sincere appreciation,

Charmaine Owens, Chair
Durham and Community Health Care Foundation

Durham, ON, N0G 1R0

West Grey Council:

I would like to thank you for your correspondence that was received and reviewed at the Social Services Committee Meeting on Wednesday, June 15, 2016 regarding the possible redevelopment of Rockwood Terrace.

The review has provided the opportunity for Grey County Council to ensure that the current and future needs of our residents will be met. To date, Council is reviewing the financial aspect and also considering the various social and economic impacts. We continue to be committed to finding the best solution and no decisions have been made at this time.

Your input and concern is appreciated. The residents and families of Rockwood Terrace, staff and the community at large are all important and we want to ensure that all voices are heard as we move through the process.

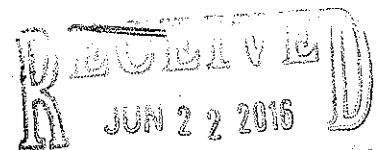

Thank you for your interest.

Yours truly,

Toronto, ON M7A 2E5
Attn: Honourable Dr. Eric Hoskins, Minister of Health and Long Term Care

Re: Request for Support

Dear Minister,

The Township of Addington Highlands operates two fire departments and as part of their core services they provide emergency pre-hospital care responses and medical acts such as defibrillation, standard first aid and CPR.

As a result of ambulances being delayed or unavailable, the fire departments are responding to a rising number of medical calls. In 2014, 37.5% of all calls for one of the fire departments in Addington Highlands were medical calls, this number rose to 41.6% in 2015. Subsequently, this has had and will continue to have an impact on the operating costs of the fire departments.

Therefore, Council requests that the Province consider providing financial support to the Addington Highlands Fire Departments for responding to medical calls.

Please don't hesitate to contact me if you have any questions.

Attention: Hon. Dr. Eric Hoskins, Minister of Health and Long-Term Care

Dear Hon. Dr. Hoskins:

Re: Requesting Support With Regards to Responding to Medical Calls

North Frontenac Fire Departments are responding to increasing medical calls due to ambulances not being available or delayed. The Departments are experiencing continually rising costs of core services.

Council feels that financial support should be provided by the province to support North Frontenac Fire Department when they are responding to medical calls.

If you have any questions or concerns, please do not hesitate to contact me.

Yours truly,

Ron Higgins
