West Grey launches “Main Street” grant survey

WEST GREY, Ontario – The Municipality of West Grey has launched a community survey to gather suggestions for the Main Street Revitalization grant awarded in January, 2018.

“The intent of the Main Street Revitalization grant is to help municipalities make important investments in their main street areas,” said West Grey Mayor Kevin Eccles. “Launching a survey to ask our businesses and residents for ideas will help identify community priorities and most certainly uncover some creative suggestions.”
